

ADDENDUM
GENERAL TERMS & CONDITIONS
SIEMENS MEDICAL SOLUTIONS USA, INC.
&
TEXAS A&M UNIVERSITY

This addendum ("Addendum") amends and supplements the General Terms and Conditions as accompanying Proposal #I-Q2A9SS ("Agreement") between Siemens Medical Solutions USA, Inc. ("Siemens") and Texas A&M University ("TAMU" or "Customer"). All terms used herein and not otherwise defined shall have the meaning as in the Agreement. In the event of any conflict in the terms of the Agreement and the terms of this Addendum, the terms of this Addendum shall in all aspects govern and control. Both parties agree the Agreement is hereby amended and supplemented as follows:

For clarification, Texas A&M University is entering into the Agreement as a member of the Texas A&M University System, an agency of the State of Texas.

Section 7 Agreement Term; Price; Payment Terms; last paragraph is deleted and changed to read as follows: "All payments to be made by Customer under this Agreement are due thirty (30) days from the date of receipt of the invoice. Past due payments shall bear interest at the highest rate allowed under Texas law.

Section 9 Default; subsection (iv) regarding default by Customer or affiliates is deleted in its entirety and replaced with the following:

"(iv) a default by Customer under any other obligation to or agreement with Siemens or Siemens Financial Services, Inc., or any assignee of the foregoing, that relates to or involves the Equipment that is the subject matter of this Agreement (e.g., a lease, rental agreement, promissory note, license agreement or purchase contract); or"

Further, the section stating occurrences upon event of default, subsection (i), delete "and any and all other agreements between the parties"; subsection (ii)(b) and (ii)(c) and subsection (iii) are deleted in their entirety and replaced with the following:

"(b) if awarded by a court of competent jurisdiction, liquidated damages (and not a penalty), in an amount equal to 25% of the remaining payments due under this Agreement from the date of termination through the scheduled expiration of the term of this Agreement, and (c) if awarded by a court of competent jurisdiction, costs and expenses of collection, including without limitation reasonable attorneys' fees and court costs incurred by Siemens as a result of the Customer's default, and/or (iii) if permitted under applicable law, commence collection actions (including court actions) for all sums due under this Agreement.

Section 10 Limitation of Liability. Customer agrees to the limitation of liability provisions of this Section 10 to the extent permitted by the Constitution and laws of the State of Texas.

Section 12 Governing Law; Waiver of Jury Trial. This section is deleted in its entirety and replaced with the following: "This Agreement is construed under and in accordance with the laws of the State of Texas, and is performable in Brazos County, Texas. In addition, by statute (Texas Education Code §85.18), mandatory venue for all legal proceedings against TAMU is to be in the county in which the principal office of the governing officer is located. At execution of this Agreement, such county is Brazos County, Texas."

Section 18. Confidentiality. Siemens acknowledges Customer is subject to and strictly abides by the provisions of the Public Information Act, Texas Gov't Code, Chp 552.

Section 20 Removal of Equipment from Coverage; Delete in its entirety the final sentence of this section beginning with the words "In addition, if the Customer sells or otherwise transfers..." and ending with the words "through the scheduled expiration of the term of this Agreement".

Section 23 Response Time Guarantee: last sentence regarding the limitation of Customer remedy is accepted to the extent permitted by the Constitution and laws of the State of Texas.

The following State of Texas Contracting Clauses are incorporate herein for all purposes:

Under Section 231.006, *Texas Family Code*, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.

Pursuant to Section 2252.903, *Texas Government Code*, Siemens agrees that any payments owing to Siemens under this Agreement may be applied directly toward certain debts or delinquencies that Siemens owes the State of Texas or any agency of the State of Texas regardless of when they arise, until such debts or delinquencies are paid in full.

If Siemens is a taxable entity subject to the Texas Franchise Tax (Chapter 171, *Texas Tax Code*), then Siemens certifies that it is not currently delinquent in the payment of any franchise (margin) taxes or that Siemens is exempt from the payment of franchise (margin) taxes.

Siemens understands that acceptance of funds under this Agreement constitutes acceptance of the authority of the Texas State Auditor's Office, or any successor agency (collectively, "Auditor"), to conduct an audit or investigation in connection with those funds pursuant to Section 51.9335(c), *Texas Education Code*. Siemens agrees to cooperate with the Auditor in the conduct of the audit or investigation, including without limitation, providing all records requested that relate to the services provided by Siemens under this Agreement. Siemens will include this provision in all contracts with permitted subcontractors.

Siemens expressly acknowledges that TAMU is an agency of the State of Texas and nothing in this Agreement will be construed as a waiver or relinquishment by TAMU of its right to claim such exemptions, privileges, and immunities as may be provided by law.

Siemens acknowledges that TAMU, at its own cost and expense, may request a consultant to perform a criminal background check on any employee and/or representative of Siemens who conducts business pursuant to this Agreement on the campus of TAMU.

Siemens must use the dispute resolution process provided in Chapter 2260 of the Texas Government Code to attempt to resolve a dispute arising under this Agreement and is a required prerequisite to suit in accordance with Chapter 107, Texas Civil Practices and Remedies Code. Siemens must submit written notice of a claim of breach of contract to the University Contracts Officer, TAMU.

Glossary

Deliverables	Description
ACR Support - US	This accreditation assistance package for one (1) applicable Siemens Ultrasound system includes a pre-submission system quality check to evaluate the readiness of one Siemens ultrasound system to acquire images for ACR accreditation. This package includes: Annual Equipment Performance Evaluation (probe penetration and calibration tests, system electrical and mechanical safety checks, formal report of results); unlimited technical and clinical applications phone support pertaining to the system readiness for accreditation and deliverables for ACR accreditation.
After Sales Option - 10% discount	Includes a discount of 10% on Sales Options.
After Sales Option - 20% discount	Includes a discount of 20% on Sales Options.
Application Hotline Phone Support	Siemens Customer Care Center Clinical Applications Phone Support is provided with this contract during modality specified hours, call 1-800-888-7436 with your questions and to receive direct access to a Clinical Education Specialist
Enhanced Virtual Learning Sub. - US	This 12 month multi-modality subscription provides access for imaging professionals to receive additional educational content. This high-value content includes step-by-step performance-enhancing videos, a minimum of 6 one-hour on-demand webinars covering current clinical and industry topics, and access for up to 12 CEUs via your PEPconnect Virtual Wallet. The on-demand webinars are recorded and posted on a regular basis over the term of the subscription and are available for unlimited viewing once posted. Imaging professionals must be logged into PEPconnect (Siemens' online learning platform) to be eligible to receive the CEUs. PEPconnect provides access to all online and virtual training with a wide variety of product-specific, clinical and job-relevant courses. This educational offering must be completed 12 months from purchase date. If training is not completed within the applicable time period, Siemens obligation to provide the training will expire without refund.
Evolve	Enhancements to Operating Software and previously purchased software options that are included only when or if available.
General Spare Parts Coverage	Replacement of standard spare parts. Excludes high-vacuum components, consumables, Shock wave components, Transducers, TEE's and Specialty Probes, Flat Panel Detectors, MMLC, and Waveguides. Excludes non-Siemens parts unless specifically identified in Exhibit A.
Labor	Unlimited coverage of on-site labor during the Principal Coverage Period indicated. Preferred labor rates for billable service outside of Principal Coverage Period (at current prevailing tiered rates).
LifeNet Access	The LifeNet portal provides access to customer service information related to diagnostic imaging equipment. Access includes service and PM management tools, equipment performance reports, service documentation, asset management and service contract management tools and much more.
No Consumable Coverage	Upon selection to not have consumable coverage, customer agrees to supply at his/her own expense consumables, such as but not limited to, batteries, leads, padding, storage media, cassettes, etc. Full list of consumables covered can be found on Lifenet customer portal: www.usa.siemens.com/lifenet .
On-Site Response	Siemens guarantees on-site CSE arrival within a specific time period (see Exhibit A) after a call for service has been placed with the UPTIME Service Center. This on-site response applies in system/room down situations only. (See Response Time Guarantee in General Terms and Conditions for additional information.)
Parts Delivery	Spare parts arrival for on-site repair of room-down/system-down is typically the Next Day following the time the parts order is submitted.
Parts Order Requirement	Parts order must be placed with Siemens by 6pm (Customer's local time) in order to receive Parts Delivery commitment as specified.
Phone Response	The response time indicated on Exhibit A provides preferred call-handling of a service event. This call-back response is the telephone response to the customer by the Siemens Customer Care personnel or the CSE to provide the status of the service call.
Planned Maintenance	Preventive services carried out in accordance with the equipment's specific maintenance plan. This includes: tracking and scheduling of required maintenance tasks; exchange of wear and tear parts according to maintenance plan; care measures; adjustments to factory specifications; verification of specified performance and functionality; documentation and detailed protocol of system condition.
Principal Coverage Period	Hours defined in Exhibit A during which agreed-upon services are provided.
Quality Assurance	Regular quality assurance tasks and image quality inspections to achieve consistent, high-quality images, are performed to keep the system within the quality specifications as issued by the factory.
Safety Checks	Safety Checks are performed to insure compliance with all local and federal guidelines and regulations. This service consists of - Tracking and scheduling of required tests - Mechanical Safety Checks (e.g. mechanical movements etc.) - Electrical Safety Checks (e.g. leakage currents, insulation etc.) - Reporting of findings and results

Deliverables	Description
Smart Remote Services	Smart Remote Services – the efficient and comprehensive infrastructure for medical equipment-related remote services – combines high-tech medical engineering with state-of-the-art information technology. Services, which formerly required on-site visits, are now available via data transfer. SRS enables both Core Services (which are included as part of our standard service agreements), as well as optional services (called Enhanced Productivity Services - EPS). A VPN connection is required.
teamplay Basic	teamplay is a cloud based solution that provides Customer access to certain metrics on the Equipment and other Siemens imaging systems connected to Customer's network. teamwork's Basic applications require the installation of locally installed teamwork receiver software with web-based analytics relating to usage data management. The teamwork receiver software can be installed on Customer's hardware or virtual machines meeting the minimum hardware requirements.
Technical Phone Support	Direct access to specialists at the Siemens Customer Care Center for fast diagnosis and technical support. Technical Phone Support is available to Siemens customers over the telephone, 24 hours a day, 7 days a week.
Tier 1 Transducer Pooling	Annual Tier 1 Transducer allowances may be shared across all functional locations that provide for pooling of Tier 1 Transducers. Annual allowances may not be applied to any prior or subsequent contract year.
Transducer Tier 1 (WFD)	Covers replacement of Tier 1 Transducers up to the quantity specified per year (as shown on Exhibit A) for Wear, Failure or Damage. Damage examples include: damage to the Lens (e.g. gouges, tears, cuts, and cracks) and damage to the Cable Jacket (e.g. cuts, kinks). If this coverage is not purchased, Tier 1 Transducer replacements are chargeable and may cost up to approximately \$12,000 each after any applicable exchange credit has been applied.
Travel	Includes travel time for Customer Service Engineer to and from Customer's site. Subject to change to reflect currently prevailing rates, if occurring outside of the Principal Coverage Period indicated.
Updates	Modifications or reliability enhancements to equipment includes two types: Mandatory (safety and performance-related update instructions) and Non-mandatory (reliability-related service instructions). Labor is included during the hours of PCP. Does not include enhancements to the operating systems or additional functionality.
Uptime Guarantee	Siemens guarantees that the Equipment will function at the minimum Uptime Performance level as specified on Exhibit A. System availability is calculated over a 12-month period, calculated over the Principal Coverage Period. Siemens Remote Services (SRS) connection via VPN broadband is required. (See Uptime Guarantee of General Terms and Conditions for further details.)

Siemens Medical Solutions USA, Inc. General Terms and Conditions

1. Scope

For the term set forth on the first page hereof under the heading "Contract Duration", Siemens will provide (i) remedial maintenance service on the equipment described on the preceding pages hereof (the "Equipment") when requested by the Customer, as well as planned maintenance inspections, when scheduled, as further described in the Glossary section attached hereto, in order to keep the Equipment operating in accordance with the manufacturer's specifications, and (ii) any training courses and/or other educational offerings described in Exhibit A and the Glossary. Siemens will make every effort to respond to service calls at a mutually agreed upon arrival time consistent with the provisions cited in Section 2. In connection with the provision of Equipment maintenance services, Siemens may take photographs or other images of the Equipment or components thereof in order to expedite the completion of repairs, provided that any such photographs shall not include any patients, employees or agents of the Customer and further provided that such photographs and images will only be used in order for Siemens to carry out its duties and responsibilities hereunder.

In the event that (i) the term of this Agreement does not include the Equipment warranty period (as indicated on the first page hereof under the heading "Contract Duration"), or (ii) the term of this Agreement does not commence immediately upon the expiration of the Siemens warranty, or (iii) the Equipment was serviced prior to commencement of the term by anyone other than Siemens or an authorized Siemens dealer or service provider, or (iv) the Equipment was moved from its original location or is not connected to its original power supply (other than portable or mobile Equipment), then the Equipment is subject to inspection by Siemens to determine if it is in good operating condition prior to the commencement of services under this Agreement. Any inspection as well as any repairs or adjustments deemed necessary by Siemens during such inspection shall be made at Siemens' per-call rates and terms then in effect and shall include charges for parts, with all such repairs or adjustments to be completed prior to the commencement of service under this Agreement.

If this Agreement includes any training courses or other educational offerings, such training courses or other offerings may consist of on-site training or consultation at the Customer site, a Siemens training facility or via conference call or net meeting, self-study or computer based training, or other arrangements, as further described in Exhibit A and the Glossary. In some cases, tuition charges will cover travel and lodging for off-site training, and in other cases Customer will be responsible for all travel and lodging costs. Details of the training are provided on Exhibit A and the Glossary.

2. Principal Coverage Period (PCP)

Service and maintenance will be provided during the principal coverage period ("PCP") as defined on Exhibit A, excluding the following holidays: New Years Day, Memorial Day (observed), Independence Day, Labor Day, Thanksgiving Day, Christmas Day. If one of the foregoing holidays falls on a Saturday, then the holiday will be observed on the previous Friday, and if the holiday falls on a Sunday, the holiday will be observed on the following Monday. Unless an extended hours coverage option has been selected, labor and travel required outside the PCP will be charged at Siemens' per-call rates and terms then in effect.

3. Replacement Parts

Siemens will supply at its own expense, necessary parts, except as indicated in the Glossary section, provided replacement of the parts is required because of normal wear and tear or otherwise deemed necessary by Siemens and further provided that the Siemens-manufactured parts are available from the factory. All Parts will be new, standard parts, or used, reworked or refurbished parts that comply with applicable performance and reliability specifications. Exchange parts removed from the Equipment shall become the property of Siemens unless such exchange parts constitute "hazardous wastes", "hazardous substances", "special wastes" or other similar materials, as such terms are defined by any federal, state or local laws, rules or regulations, in which case, at the option of Siemens, the exchange parts shall remain the property of the Customer and shall be disposed of by the Customer in strict compliance with all applicable laws, rules and regulations.

4. Planned Maintenance (PM)

Planned maintenance will be carried out according to the manufacturer's recommended schedule. Planned maintenance generally includes checking mechanical and electrical safety, lubrication, functional testing and adjusting for optimum performance as specified in the detailed planned maintenance work plan.

5. Software Maintenance

Whenever the Equipment covered by this Agreement utilizes Siemens' operating system software, Siemens will provide all maintenance and commercially available updates for such operating system software as part of this Agreement. Such updates will solely enhance previously purchased capacities of the Equipment. Operating system software upgrades that provide new features or capabilities or that require hardware changes will be offered to Customer when commercially available and at purchase prices established by Siemens. In addition, some upgrades may require applications training performed by Siemens' personnel that will be offered at Siemens' rates and terms then in effect. Siemens retains the sole right to determine whether an upgrade requires such training.

Nothing in this Agreement shall in any way grant to Customer any right to or license in any diagnostic service software utilized by Siemens in servicing the Equipment. Such service software is and remains the property of Siemens and is available to Customer pursuant to the terms and conditions of a separate diagnostic materials license agreement, which may require payment of a license fee. This service software shall be disabled by Siemens upon cancellation or termination of this Agreement.

6. Equipment; Location; Remote Access

The Equipment covered under this Agreement is limited to the Siemens furnished Equipment described on the face sheet(s). The Equipment shall not be moved to another location unless Customer obtains the prior written consent of Siemens, subject to the following exceptions (i) portable Equipment (e.g., Ultrasound equipment, but not including any equipment that is housed in a mobile vehicle, van or trailer) may be moved to other locations within the same facility, so long as the Customer informs Siemens of the location of the Equipment when Siemens is scheduled to provide on-site service; (ii) if Equipment is located in a trailer, van or other form of mobile vehicle, the Equipment may be moved from the Equipment Location identified on Exhibit A, provided, however, that Siemens shall not be required to service such Equipment, and the Response Time and Uptime Performance Guarantees (if any) shall not apply, if either (a) the Customer does not notify Siemens at least one (1) month in advance of the Equipment's mobile route, or (b) the Equipment is moved more than 25 miles from the original Equipment Location; and (iii) if fixed Equipment is moved to any other location within the Customer's facility, then either (a) the Customer will engage Siemens to relocate the Equipment, at Siemens' then current rates and charges, or (b) if Siemens does not perform the services necessary to relocate the Equipment, then Siemens may suspend services with respect to such Equipment until Siemens performs an inspection of the Equipment, at the Customer's cost, to determine if any repairs are necessitated as a result of any such relocation (in which case the Customer shall be separately charged for such repairs, including parts and labor, at Siemens' rates and charges then in effect).

Siemens service personnel will be given full and free access to the Equipment to perform inspections and service/maintenance on the Customer's premises, and will make specific appointments for such maintenance. If the Equipment is not made available at the appointed time, waiting time beyond a reasonable allowance will be charged at Siemens' per-call rates and terms then in effect.

Customer shall provide Siemens with both on-site and remote access to the Equipment. The remote access shall be provided through the Customer network as is reasonably necessary for Siemens to provide services under this Agreement. Remote access will be established through a broadband internet based connection to either a Customer owned or Siemens provided secure end-point. The method of connection will be a Peer-to-Peer VPN IPsec tunnel (non-client based) with specific inbound and outbound port requirements.

In the event the Customer fails to provide or maintain the remote access connection for any Proactive Service Agreement (e.g., Pinnacle, Select, Essential, as identified in Exhibit A), then Siemens shall have the option to terminate this Agreement. In addition, in accordance with the terms of Section 22 hereof, any Uptime Performance Guarantee shall be void if the remote access connection is not provided and available 24 hours per day, 7 days a week.

7. Agreement Term; Price; Payment Terms

This Agreement shall be in effect for the period stated on the first page of this Agreement.

For the basic services to be provided by Siemens under the terms of this Agreement, Siemens shall send invoices to the Customer and payments shall be made in advance based on the payment frequency shown in Exhibit A under "Payment Frequency".

Invoices for all amounts due under this Agreement shall be sent to the Customer by regular U.S. mail, postage prepaid, at the address set forth on the first page hereof under "Bill To".

After the first year of the term of the Equipment coverage period set forth in the Agreement, Siemens may increase the Annual Agreement Price no more than once every twelve (12) months based upon the percentage increase in the Consumer Price Index for All Urban Consumers, U.S. City Average, All Items ("CPI"), as published by the United States Department of Labor, Bureau of Labor Statistics. The percentage increase in the CPI shall be measured over the period since the commencement of the Agreement (in the case of the first price increase) or since the effective date of the last price increase (in the case of any subsequent price increases). Siemens shall provide the Customer with no less than thirty (30) days written notice of any price increase.

All payments to be made by Customer under this Agreement are due net thirty (30) days from the invoice date. Past due payments shall bear interest at the rate of 1 1/2% per month.

8. Causes for Exclusion/Separate Charges

This Agreement specifically excludes labor, parts and expenses necessary to repair Equipment:

- damaged by fire, accident, misuse, abuse, negligence, improper application or alteration or by a force majeure occurrence as described in Section 17 hereof, or by the Customer's failure to operate the Equipment in accordance with the manufacturer's instructions or to maintain the recommended operating environment and line conditions;
- defective due to unauthorized attempts to repair, relocate, maintain, service, add to or modify the Equipment by the Customer or any third party or due to the attachment and/or use of non-Siemens supplied parts, equipment or software without Siemens' prior written approval (and if the Customer or a third party modifies the Equipment, then Siemens may remove such Equipment from coverage under this Agreement unless the Customer restores the Equipment to the manufacturer's published specifications);
- defective due to any repair or service of the Equipment by the Customer or any third party prior to the commencement of the term of this Agreement;
- which failed due to causes from within non-Siemens supplied equipment, parts or software including, but not limited to, problems with the Customer's network;
- which is worn out and cannot be reasonably repaired due to the unavailability of spare parts from the original equipment manufacturer; or
- which is a transducer or probe and which is damaged or defective, or which failed, due to any of the foregoing causes or due to improper cleaning, disinfecting or TEE bite marks.

If Siemens is called upon to service or repair Equipment which falls under this Section 8, a separate invoice will be issued for labor, parts and expenses at Siemens' rates and terms then in effect.

This Agreement does not entitle the Customer to services related to information technology, patient and imaging workflow design and analysis, or problem diagnosis. Siemens' responsibility under this Agreement does not extend beyond the outbound or inbound sockets of the Equipment. In addition, changes, adjustments, additions or repairs required to or with respect to the Equipment resulting from issues, matters, items or concerns that are the responsibility of the Customer, such as changes related to Customer's network infrastructure, are not covered by this Agreement. This may include, but is not limited to, network IP address changes. Although the Equipment may have limited short term storage capacity, the storage of images, both patient and QA images, is the responsibility of the Customer.

If Siemens offers a Network Assistance option for the Equipment and the Customer purchases this option as indicated on Exhibit A, then Siemens shall assist the Customer in its efforts to identify the cause of any network or connectivity problems which may affect the operation of the Equipment; provided, however, that the price for this option does not include the cost of any repairs (labor, parts, etc.) to remedy such problems, which shall be the sole responsibility of the Customer. If the Customer does not purchase this option, or if this option is not offered by Siemens, then any assistance provided by Siemens to the Customer with respect to any network or connectivity issues shall require a P.O. from the Customer and shall be separately billed to the Customer at Siemens' then current rates and charges.

9. Default

Customer shall be in default under this Agreement upon: (i) a failure by Customer to make any payment due Siemens within ten (10) days of receipt of notice from Siemens that the payment was not made within the applicable payment period; (ii) a failure by Customer to perform any other obligation under this Agreement within thirty (30) days of receipt of notice from Siemens; (iii) a failure to grant Siemens access to the Equipment as set forth in Section 6 of this Agreement; (iv) a default by Customer or any affiliate of the Customer under any other obligation to or agreement with Siemens, Siemens Financial Services, Inc. or Siemens Medical Solutions Health Services Corporation, or any assignee of the foregoing (including but not limited to, a promissory note, lease, rental agreement, license agreement or purchase contract); or (v) the commencement of any insolvency, bankruptcy or similar proceedings by or against the Customer (including any assignment by Customer for the benefit of creditors). Upon the occurrence of any event of default hereunder, Siemens may, in addition to any and all other remedies available under law, elect to: (i) immediately cease providing services under this Agreement and any and all other agreements between the parties, or suspend any training courses or educational offerings provided under this Agreement, until the default is cured or corrected, (ii) terminate this Agreement, in which case Customer shall pay to Siemens (a) all amounts due under this Agreement through the effective date of termination, (b) as liquidated damages and not as a penalty, an amount equal to 25% of the remaining payments due under this Agreement from the date of termination through the scheduled expiration of the term of this Agreement, and (c) all costs and expenses of collection, including without limitation reasonable attorneys' fees and court costs incurred by Siemens as a result of the Customer's default, and/or (iii) commence collection actions (including court actions) for all sums due under this Agreement. All rights and remedies available to Siemens hereunder, by law or equity, shall be cumulative and there shall be no obligation for Siemens to exercise a particular remedy.

In the event that Customer cures all defaults hereunder, then prior to resumption of the Equipment maintenance services under this Agreement, Siemens may inspect

the Equipment to determine if it is in good operating condition. Such inspection shall be charged to the Customer at Siemens' per-call rates and terms then in effect. Any repairs or adjustments which Siemens determines are required due to (i) the use of any non-Siemens parts, (ii) the repair or service of the Equipment by the Customer or any third party during the suspension of services by Siemens, or (iii) any of the exclusions from coverage set forth in Section 8 of this Agreement, shall be charged to the Customer at Siemens' rates and terms then in effect and shall include charges for parts, with all such repairs or adjustments to be completed prior to the resumption of service under this Agreement.

10. Limitation of Liability

Siemens' entire liability and Customer's exclusive remedy for any direct damages incurred by the Customer from any cause whatsoever, and regardless of the form of action, whether liability in contract or in tort, arising under this Agreement or related hereto, shall not exceed, as applicable: (i) an amount equal to the Annual Agreement Price (in effect when the cause of action arose) for the specific item of Equipment under this Agreement that caused the damage or is the subject matter of, or is directly related to, the cause of action, or (ii) the amount paid by Customer to Siemens under this Agreement for the particular training course or educational offering that is the subject matter of the claim. The foregoing limitation of liability shall not apply to claims by Customer or third parties for bodily injury or damage to real property or tangible personal property (including damage to the Equipment covered by this Agreement) caused solely and directly by the gross negligence or willful misconduct of Siemens. In addition, Siemens shall have no liability hereunder to Customer to the extent that Customer's or any third party's acts or omissions contributed in any way to any loss it sustained or to the extent that the loss or damage is due to a force majeure occurrence as described in Section 17 hereof or any other cause beyond the reasonable control of Siemens.

THIS IS A SERVICE AGREEMENT. WITHOUT LIMITING THE LIMITATION OF LIABILITY SET FORTH IN THE PRECEDING PARAGRAPH, SIEMENS EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT WILL SIEMENS BE LIABLE FOR ANY LOST PROFITS, LOST SAVINGS, LOST REVENUES, LOSS OF USE OR DOWNTIME (EXCEPT AS OTHERWISE PROVIDED HEREIN), LOST DATA, OR FOR ANY INDIRECT, INCIDENTAL, UNFORESEEN, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES WHETHER BASED ON CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR ANY OTHER THEORY OR FORM OF ACTION, EVEN IF SIEMENS HAS BEEN ADVISED OF THE POSSIBILITY THEREOF, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE USE OR PERFORMANCE OF THE EQUIPMENT.

11. Notices

Except for the issuance of invoices as set forth in Section 7 hereof, all notices required to be provided hereunder shall be in writing and shall be sent by overnight delivery via a nationally recognized delivery service or by certified or registered mail, postage prepaid, to Siemens at the address set forth on the first page of this Agreement and to the Customer at the address set forth under "Bill To" on the first page of this Agreement. Notice given in compliance with this Section 11 shall be sufficient for all purposes under this Agreement, and such notice shall be effective when sent. Either party may change its notice address only if notification is sent in writing pursuant to this Section 11.

12. Governing Law; Waiver of Jury Trial

This Agreement shall be governed by the laws of the Commonwealth of PA. TO THE EXTENT NOT PROHIBITED BY LAW, THE PARTIES WAIVE ALL RIGHTS TO A JURY TRIAL IN ANY LITIGATION ARISING FROM OR RELATED IN ANY WAY TO THIS AGREEMENT OR THE TRANSACTION CONTEMPLATED HEREBY.

13. Government Access Clause

Until the expiration of four (4) years after the furnishing of any services under this Agreement, Siemens shall make available upon written request of the Secretary of the Department of Health and Human Services, the Comptroller General, or any of their duly authorized representatives, this Agreement and the books, documents and records of Siemens which are necessary to certify the nature and extent of costs incurred under this Agreement. If Siemens carries out any of the duties of this Agreement through a subcontract with a value of \$10,000 or more over a 12 month period with a related organization, such subcontract shall include a clause to the effect that until the expiration of four (4) years after the furnishing of any services under the subcontract, the related organization shall make available upon written request of the Secretary of the Department of Health and Human Services, the Comptroller General, or any of their duly authorized representatives, the subcontract and the books, documents and records of the related organization that are necessary to certify the nature and extent of costs incurred under that subcontract.

This provision shall apply if and solely to the extent that Section 1861 (v) (1) (i) of the Social Security Act applies to this Agreement.

14. Damages, Costs, And Fees

In the event that any dispute or difference is brought arising from or relating to this Agreement or the breach, termination, or validity thereof, the prevailing party shall not be entitled to recover from the other party punitive damages. The prevailing party shall be entitled to recover from the other party all reasonable attorneys' fees and collection agency fees incurred, together with such other expenses, costs and disbursements as may be allowed by law.

15. Severability; Headings

No provision of this Agreement which may be deemed invalid, illegal or unenforceable will in any way invalidate any other portion or provision of this Agreement. Paragraph headings are for convenience only and will have no substantive effect.

16. Waiver

No failure, and no delay in exercising, on the part of any party, any right under this Agreement will operate as a waiver thereof, nor will any single or partial exercise of any right preclude the further exercise of any other right.

17. Force Majeure

Siemens will not be liable to Customer for any failure to fulfill its obligations under this Agreement due to causes beyond its reasonable control and without its fault or negligence including, but not limited to, governmental laws and regulations, acts of God or the public, war or other violence, civil commotion, blockades, embargoes, calamities, floods, fires, earthquakes, explosions, accidents, storms, strikes, lockouts, work stoppages, labor disputes, or unavailability of labor, raw materials, power or supplies. In addition, in the event of any determination pursuant to the provisions of a collective bargaining agreement between the Customer and any labor union representing any employees of the Customer preventing or hindering the performance of any of the obligations of Siemens under this Agreement, or determining that the performance of any such obligations violates provisions of that collective bargaining agreement, or in the event a trade union, or unions, representing any of the employees of the Customer otherwise prevents Siemens from performing any such obligations, then Siemens shall be excused from the performance of such obligations unless the Customer makes all required arrangements with the trade union, or unions, to permit Siemens to perform the work. The Customer shall pay any additional costs incurred by Siemens that are related to any labor dispute(s) that involve the Customer.

18. Confidentiality

Siemens and the Customer shall maintain the confidentiality of any information provided or disclosed to the other party, its employees or agents (a "receiving party") relating to the business, customers and/or patients of the disclosing party, including but not limited to know-how, technical data, processes, software, techniques, developments, inventions, research products and plans for future developments, proprietary matters of a business or technical nature, as well as this Agreement and its terms (including the pricing and other financial terms under which the Customer will be obtaining the services hereunder). Confidential information shall also include all written materials (including correspondence, memoranda, manuals, training materials, notes and notebooks) and all computer software, models, mechanisms, devices, drawings or plans which may be disclosed or made available embodying Confidential Information. All Confidential Information shall be and remain the sole and exclusive property of the disclosing party. Each party shall use reasonable care to protect the confidentiality of the information disclosed, but no less than the degree of care it would use to protect its own confidential information, and shall only disclose the other party's confidential information to its employees and agents having a need to know this information. Confidential Information shall not include any information or data which (i) is or becomes public knowledge (through no fault of the receiving party or any of its employees or agents), (ii) is made available to the receiving party by an independent third party without any obligation of confidentiality, (iii) is already in the receiving party's possession at the time of receipt from the disclosing party (as such prior possession can be properly demonstrated by it), or (iv) is required by law to be disclosed, provided that the receiving party gives the disclosing party advance notice of the requirement for disclosure so that the disclosing party can take whatever action it deems necessary to protect the disclosure of its Confidential Information. In addition, this confidentiality provision shall not apply to any action brought by either party to enforce the terms of this Agreement against the other party.

Any unauthorized use, disclosure or misappropriation of any Confidential Information by the receiving party in violation of the foregoing may result in irreparable and continuing damage to the disclosing party; in the event of such breach, the disclosing party shall be entitled to obtain immediate injunctive relief and any other relief or remedies to which it may be entitled. The receiving party waives any requirement that the disclosing party post a bond or other security in connection with any petition filed by the disclosing party for injunctive relief. In the event that a court of competent jurisdiction determines that the receiving party has breached this provision, then the receiving party shall reimburse the disclosing party for the costs of any court proceedings and all reasonable attorneys' fees.

19. End of Support Announcement

Notwithstanding anything to the contrary contained herein, in the event that Siemens makes a general announcement that it will no longer offer service agreements for an item of Equipment or components thereof, or provide a particular service agreement option or feature, whether due to the unavailability of spare parts or otherwise (an "EOS Announcement"), then upon no less than twelve (12) months prior written notice to the Customer, Siemens may remove any affected Equipment, components, options or features from coverage under this Agreement, with a corresponding adjustment of the Annual Agreement Price. In addition, at the end of this twelve (12) month period, the Customer may either remove the affected Equipment components, options or features from coverage under this Agreement or request that Siemens provide service or parts on a time and materials basis only, at Siemens' rates and terms then in effect, for any Equipment, components, options or features subject to an EOS Announcement.

20. Removal of Equipment from Coverage

The Customer may remove Equipment from coverage under this Agreement at any time upon no less than thirty (30) days prior written notice to Siemens if the use of the Equipment is permanently discontinued and the Equipment is removed from service. There is no fee for this cancellation. Prorated credit will be issued for any advance payments made by the Customer for the period after the effective date of removal (based on the notice requirement). In addition, if the Customer sells or otherwise transfers any of the Equipment to a third party and the Equipment remains installed and in use at the same location, but such third party does not assume the obligations of the Customer under this Agreement or enter into a new service agreement with Siemens with a term at least equal to the unexpired term of this Agreement, then the Customer may terminate this Agreement with respect to such Equipment upon no less than thirty (30) days prior written notice to Siemens, in which case the Customer shall pay to Siemens (i) all amounts due under this Agreement through the effective date of termination (based on the notice requirement) and (ii) as liquidated damages and not as a penalty, an amount equal to 25% of the remaining payments due under this Agreement for such Equipment from the date of termination through the scheduled expiration of the term of this Agreement.

21. HIPAA

To the extent required by the provisions of the Health Insurance Portability and Accountability Act ("HIPAA"), the Health Information Technology for Economic and Clinical Health Act ("HITECH"), and any regulations promulgated thereunder, Siemens does hereby assure Customer that it will appropriately safeguard Protected Health Information (as defined under HIPAA) made available to or obtained by Siemens pursuant to this Agreement or any Service Schedule ("PHI"). Without limiting the obligations of Siemens otherwise set forth in this Agreement or imposed by applicable law, Siemens agrees to comply with applicable requirements of law relating to PHI and with respect to any task or other activity Siemens performs on behalf of Customer. Specifically, Siemens shall:

- (a) not use or disclose PHI other than as permitted or required by this Agreement or as required by law, and limit any use or disclosure of PHI to a limited data set or the minimum necessary to accomplish the intended purpose of such use or disclosure;
- (b) implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of any electronic PHI that it creates, receives, maintains or transmits on behalf of the Customer, and comply, where applicable, with the HIPAA Security Rule with respect to such electronic PHI, and otherwise use appropriate safeguards to prevent use or disclosure of PHI, other than as provided for by this Agreement;
- (c) report to Customer any use or disclosure of PHI not provided for by this Agreement, and report any security incident, of which Siemens becomes aware;
- (d) in accordance with applicable HIPAA and HITECH requirements, ensure that any subcontractors or agents to whom Siemens provides PHI received from, or created or received by Siemens on behalf of, Customer agree to essentially the same restrictions and conditions that apply to Siemens with respect to PHI and implement reasonable and appropriate safeguards with respect to PHI;
- (e) upon Customer's written request, make PHI available to the Customer as necessary for Customer to respond to individuals' requests for access to PHI about them, provided that the PHI in Siemens' possession constitutes a Designated Record Set and Siemens has been specifically engaged by Customer to so maintain and service such PHI on behalf of Customer;
- (f) upon Customer's written request, make PHI available to Customer for amendment and incorporate any amendments to the PHI in accordance with applicable law, provided that the PHI in Siemens' possession constitutes a Designated Record Set and Siemens has been specifically engaged by Customer to so maintain and service such PHI on behalf of Customer;
- (g) make available to Customer the information in its possession required to provide an accounting of disclosures of PHI as required by applicable law;
- (h) mitigate, to the extent practicable, any harmful effect that is known to Siemens of a use or disclosure of PHI by Siemens in violation of the requirements of this Agreement or of law;
- (i) provide notice of a breach of unsecured PHI to Customer without unreasonable delay, and in no case later than thirty (30) days after discovery of a breach. The notification shall include, to the extent possible, the identification of each individual whose unsecured PHI has been, or is reasonably believed by Siemens to have been, accessed, acquired, used, or disclosed. Siemens shall provide Customer with any other available information that Customer is required to include in notification to the individual under applicable law;
- (j) make Siemens' internal practices, books, and records relating to the use and disclosure of PHI received from Customer available to the Secretary of the United States Health & Human Services for purposes of determining Customer's compliance with applicable law; and
- (k) upon expiration or termination of this Agreement, return to Customer or destroy all PHI in its possession as a result of this Agreement and retain no copies of PHI, if it is feasible to do so. If return or destruction is not feasible, Siemens agrees to extend all protections contained in this Agreement to Siemens' use and/or disclosure of any retained PHI, and to limit further uses and/or disclosures to the purposes that make the return or destruction of the PHI infeasible.

Siemens may use and disclose PHI as necessary for Siemens to perform its obligations hereunder, and may (i) use the PHI for its proper management and administration and to carry out its legal responsibilities, (ii) disclose the PHI to a third party for Siemens' proper management and administration or to carry out Siemens' legal responsibilities, provided that the disclosures are required by law or Siemens obtains reasonable assurances from the third party regarding the confidential handling of such PHI as required under HIPAA and/or HITECH, and the third party agrees to notify Siemens of any instances in which the confidentiality of the

information has been breached, (iii) provide data aggregation services related to the healthcare operations of Customer, and (iv) de-identify the PHI, and use such de-identified data, in accordance with the de-identification requirements under HIPAA.

Siemens agrees that it will negotiate in good faith an amendment to this Agreement if, and to the extent required by, the provisions of HIPAA and regulations promulgated thereunder, in order to assure that this Agreement is consistent therewith.

22. Uptime Performance Guarantee [DOES NOT APPLY TO EVERY SERVICE AGREEMENT]

For any Equipment that includes an Uptime Guarantee as specified in Exhibit A, Siemens guarantees that the Equipment will function at the minimum Uptime Performance (defined below) level set forth in Exhibit A (computed as described below).

"Uptime Performance" is defined as the capability of the Equipment to be utilized to treat or diagnose patients. The Equipment will be considered to be operational (i.e., it will not be considered to be "down"): (a) unless it cannot be utilized to treat or diagnose patients (room down); (b) if Siemens is prepared to perform maintenance services to make the Equipment operational but such service is refused by the Customer or is deferred by the Customer until a later time or date; (c) if the Equipment is not otherwise made available to Siemens' service engineers; (d) if the Equipment is down is due to, associated with, or caused by (i) misuse, negligence, or operator error, (ii) inadequate environmental conditions (not conforming with the environmental specifications provided by Siemens), including temperature and humidity, line power exceeding Siemens' requirements of voltage, frequency, impulses or transients, (iii) any of the exclusions set forth in Section 8 hereof, or (iv) acts of God or other force majeure events described in Section 17 hereof; or (e) during periods in which Siemens is performing scheduled or planned maintenance, changing high-vacuum components, and installing updates and/or upgrades. If the Equipment is not operational, then the Customer must immediately notify the Siemens Customer Care Center (24-hour Service Call Dispatch Center). Downtime will not commence until such notification is given to Siemens.

For purposes of calculating the Uptime Performance level percentage, such computation shall be made over the PCP, to include any extended coverage hours as indicated on Exhibit A. The Equipment's Uptime Performance shall be calculated to comply with the above guidelines on an annual basis. If the Equipment's Uptime Performance level is found to be less than the guaranteed percentage, as computed in accordance with the above guidelines, Siemens will extend the term of this Agreement by seven (7) calendar days (30 calendar days for Oncology Care Systems) for every percentage point (rounded to the nearest percent) below the guaranteed percentage. These days will be added at the end of the term of this Agreement. For example, if the guaranteed percentage is 97%, then 96% Uptime Performance would result in an extension of seven (7) calendar days and 95% Uptime Performance would result in an extension of fourteen (14) calendar days. The foregoing states Siemens' entire obligation and liability, and the Customer's sole remedy, for Siemens' failure to meet the Uptime Performance Guarantee.

In order for the Uptime Performance Guarantee to be effective, the Customer must place all calls for service through the Siemens Customer Care Center and must accept all Technical Assistance that is offered by Siemens, including, but not limited to, telephone support and remote diagnostics. For any period of time that the Customer does not seek and accept Technical Assistance from Siemens, then the Equipment shall be considered to be operational.

The Customer agrees to allow connection to Smart Remote Service diagnostic equipment, where available, for the Equipment covered by this Agreement. Smart Remote Service (SRS) is required for SRS-capable systems. The Uptime Performance Guarantee shall be void if the SRS connection is not provided and available 24 hours per day, 7 days a week.

23. Response Time Guarantee [DOES NOT APPLY TO EVERY SERVICE AGREEMENT]

Siemens guarantees that it shall meet any on-site response time as specified in Exhibit A for system "down" situations. Response time is measured from the time that the Customer notifies the Siemens Customer Care Center that a system is down. The response time only applies during the PCP, to include any extended coverage hours (if selected by the Customer), as indicated on Exhibit A. For example, a request for on-site service made at noon on a Monday (where the PCP is 8:00 a.m. through 5:00 p.m., Mondays through Fridays) will have a guaranteed arrival time of 4:00 p.m. on the same day for customers with a four (4) hour response time and a guaranteed arrival time of 11:00 a.m. on the next day for customers with an eight (8) hour response time guarantee. A request for on-site service made at 9:00 a.m. on a Saturday will have a guaranteed arrival time of noon on the next Monday for customers with a four (4) hour response time and 4:00 p.m. on that Monday for customers with an eight (8) hour response time guarantee. If a request for on-site service is made outside the PCP (to include extended coverage hours, if selected by the Customer), Siemens will use its best efforts to have a CSE on-site as soon as possible.

If Siemens responds to a request for on-site service during the PCP but its work to repair or service the Equipment continues after the expiration of the PCP (to include any extended coverage hours, if applicable), then any work outside the PCP will be billed to the Customer, unless any optional Continuous Effort coverage that is available for the Equipment has been purchased as part of this Agreement. Continuous Effort coverage ensures that in room/system down situations, work will

continue past the contracted PCP (including any extended coverage hours, if applicable, and/or core modality specific hours, as defined in the Glossary, if applicable) at no additional charge until the system is repaired or 1:00 a.m., whichever comes first, as long as the CSE has been on-site for one hour or more before the end of the contracted PCP (including any extended coverage hours and/or core modality specific hours, if applicable).

The remedy provided by Siemens for its failure to meet the on-site response time guarantee is as follows: for each one (1) hour or portion thereof that Siemens fails to meet the on-site response time guarantee, the Customer will receive one (1) free hour of overtime after the PCP for that service event. The foregoing states Siemens' entire obligation and liability, and the Customer's sole remedy, for Siemens' failure to meet the Response Time Guarantee.

24. Tool and Test Access [DOES NOT APPLY TO EVERY SERVICE AGREEMENT]

Siemens agrees to rent to the Customer, certain tools and test equipment as determined by Siemens ("Tools") to enable Customer to service the Equipment during the Contract Duration on the terms set forth herein. Siemens shall provide Tools after verifying to its sole satisfaction that Customer's In-House Biomedical Engineers are properly trained on the Equipment and Tools.

Siemens shall notify Customer of the rental fee for the Tools at the time of the order. Customer will be charged the rental fee after shipment of the Tools to Customer. Customer agrees to pay full list price of Tools (less rental fees paid) if Customer fails to return the Tools as required herein.

Customer may use the Tools for up to two (2) weeks ("Rental Period") from the date of receipt of the Tools. Customer may, with Siemens' consent, extend the Rental Period for an additional rental fee. Customer must return the Tools within five (5) business days of the conclusion of the Rental Period ("Return Period"). If the Tools are not received by Siemens before the conclusion of the Return Period, Customer will be charged the then-current list price for the Tools. Customer may, at the conclusion of the Return Period, purchase the Tools at the then-current list price, subject to the Terms and Conditions of Sale for Spare Parts and Service. The delivery of the Tools to the Customer and return of the Tools to Siemens shall be completed by Siemens at its own expense.

Title to the Tools shall be and at all times remain with Siemens and Customer shall keep the same free and clear of any and all liens and claims. Customer (i) authorizes Siemens to execute in Customer's name and file (and Customer shall promptly execute, if requested by Siemens) and (ii) irrevocably appoints Siemens its agent and attorney-in-fact to execute in the name of Customer and file, with such authorities and at such locations as Siemens may deem appropriate, any Uniform Commercial Code financing statements evidencing Siemens' ownership of the Tools. Risk of loss shall pass to Customer upon delivery. Customer shall maintain at its expense adequate liability insurance with respect to its possession and use of the Tools and against all common risks (i.e., fire, flood, theft, Acts of God, etc.) for the full replacement value of the Tools. At the request of Siemens, Customer shall provide Siemens with an insurance certificate evidencing such insurance coverage.

Customer shall only use the Tools for their intended purpose, in the proper manner and with appropriate care, pursuant to any instructions, training and manuals provided to Customer by Siemens. Customer shall immediately report to Siemens or its designee any malfunction or defect, whatever the nature or cause.

Customer shall ensure that any necessary repair, modification or service to any Tool is carried out by Siemens or Siemens' designee. Siemens agrees to use its best efforts to repair the Tools as needed in a prompt and timely fashion, following a reported malfunction or defect. Customer shall not move the Tools from the Customer's facilities identified on the front page of this Agreement. Customer shall return the Tools to Siemens in the same condition as when delivered to Customer (ordinary wear and tear excepted). Customer acknowledges the Tools constitute Confidential Information, and Customer will maintain the Tools in accordance with the Confidentiality provisions of this Agreement.

25. Non-Assignment

Customer may not assign this Agreement unless it obtains the prior written consent of Siemens, which consent shall not be unreasonably withheld or delayed. Siemens may not assign this Agreement unless it obtains the prior written consent of the Customer, which consent shall not be unreasonably withheld or delayed, except that Siemens may assign without Customer approval to any subsidiary or affiliated company or any of its authorized dealers.

26. Teamplay Offering Terms and Conditions

The terms and conditions of the teamplay MSA, set forth at the following link: <http://teamplay.siemens.com/legal>, are incorporated by reference as material terms of this Agreement. With respect to the teamplay offering, in the event of any conflict with the terms of the Agreement, the teamplay terms and conditions shall govern.

27. Reimbursement for Training Courses/Education Services Upon Early Termination; Cancellation Policy

If this Agreement includes any training courses or other educational offerings and this Agreement is terminated or Equipment is removed from coverage as provided hereunder prior to the expiration of the term, then Siemens may bill the Customer for any balance due and owing with respect to those training courses or other educational offerings that have been completed by the Customer, and Customer agrees to pay the same.

Customer shall notify the Siemens training and education coordinator, in advance, of the cancellation, in whole or in part, of any training or other educational offering, or any request to reschedule the same. The cancellation or rescheduling of any training courses and other educational offerings may be subject to the payment of a cancellation fee. A copy of Siemens' cancellation policy is available upon request or can be found at:

www.usa.siemens.com/clinicaleducation-cancellation-policy

28. Execution; Counterparts

If the Customer is a corporation or partnership, the person signing this Agreement on its behalf certifies that such person is an officer or partner thereof, that his or her action was duly authorized by appropriate corporate or partnership action, that such action does not conflict with the corporate charter or bylaws or the partnership agreement, as the case may be, or any contractual provision binding on such corporation or partnership, and that no consent of any stockholders to his or her action is required.

This Agreement may be executed in two (2) or more counterparts, each of which shall constitute an original document but all of which together shall constitute one and the same agreement.

29. Entire Agreement

This Agreement, including all exhibits and addenda attached hereto, constitutes the entire agreement between the parties relating to the subject matter hereof, and supersedes all prior and contemporaneous oral or written representations or communications between the parties. This Agreement may not be modified or amended, except in writing executed by the appropriate designated officers of the parties hereto. Any variation in the terms and conditions contained in this Agreement (including, but not limited to, the inclusion of Customer's own terms and conditions in any purchase order or other document issued by Customer in response to and/or referencing Siemens' quotation for service or this Agreement) shall not be deemed to be a part of this Agreement and shall not be binding upon Siemens unless set forth in writing and executed by the appropriate designated officer of Siemens. Subject to the limitations expressed herein, this Agreement will be binding upon and inure to the benefit of the parties hereto, their successors, legal representatives, and permitted assigns. Notwithstanding anything to the contrary contained herein, the provisions of Sections 9, 10, 12, 13, 14, 15, 16, 18, 21 and 27 shall survive the expiration or termination of this Agreement.
