Goods delivered and rejected in whole or in part may, at the HSC's option, be returned to the vendor or held for disposition at vendor's expense. Latent defects may result in revocation of acceptance.

6. AWARD OF CONTRACT

A response to an informal request for bids is an offer to contract based upon the terms, conditions and specifications contained herein. Bids do not become contracts until they are accepted through a HSC purchase order. The contract shall be governed, construed and interpreted under the laws of the State of Texas as the same may be amended from time to time. Any legal actions must be filed in Brazos County, Texas.

7. PAYMENT

Vendor shall submit one (1) copy of an itemized invoice showing HSC purchase order number. HSC will incur no penalty for late payment if made in 30 or fewer days from receipt of goods or services and an uncontested invoice.

Contractor will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Contractor and the requirement to cooperate is included in any subcontract it awards.

11. BUSINESS OWNERSHIP

Pursuant to Section 231.006 (c), Family Code, bid should include name and Social Security Number of each person with at least 25% ownership of the business entity submitting the bid. Vendor that have pre-registered this information on the TBPC Centralized Master Vendor List have satisfied the requirement. If not pre-registered, attach name & social security number for each person. Otherwise, this information must be provided prior to contract award.

12. NOTE TO BIDDER

Any terms and conditions attached to a bid will not be considered unless specifically referred to on the bid form. **WARNING:** Such terms and conditions may result in disqualification of the bid (e.g. bids with the laws of a State other than Texas, requirements for prepayment, limitation on remedies, etc.).

13. ALTERNATIVE DISPUTE RESOLUTION

The dispute resolution process provided for in Chapter 2260 of the Texas Government Code shall be used, as further described herein, by A&M Health Science Center and the Contractor to attempt to resolve any claim for breach of contract made by the contractor.

- (a) A contractor's claim for breach of this contract that the parties cannot resolve in the ordinary course of business shall be submitted to the negotiation process provided in Chapter 2260, subchapter B, of the Texas Government Code. To initiate the process, the contractor shall submit written notice, as required by subchapter B, to Barry Nelson Ph. D., Vice President for Finance and Administration. Said notice shall specifically state the provisions of Chapter 2260, subchapter B, are being invoked. A copy of the notice shall be given to all other representatives of A&M Health Science Center and the contractor otherwise entitled to notice under the parties' contract. Compliance by the contractor with subchapter B is a condition precedent to the filing of a contested case proceeding under Chapter 2260, subchapter C, Texas Government Code.
- (b) The contested case process provided in Chapter 2260, subchapter C, of the Texas Government Code is the contractor's sole and exclusive process for seeking a remedy for any and all alleged breaches of contract by A&M Health Science Center, if the parties are unable to resolve their disputes under subparagraph (A) of this paragraph.
- (c) Compliance with the contested case process provided in subchapter C is a condition precedent to seeking consent to sue from the Legislature under Chapter 107 of the Civil Practices and Remedies Code. Neither the execution of this contract by A&M Health Science Center nor any other conduct of any representative of A&M Health Science Center relating to the contract shall be considered a waiver of sovereign immunity to suit.
 - (1) The submission, processing, and resolution of the contractor's claim is governed by the published rules adopted by the Office of the Attorney General of the State of Texas pursuant to Chapter 2260, as currently effective, hereafter enacted or subsequently amended. These rules are found under Title 1, Part 3, Chapter 68 of the Texas Government Code.
 - (2) Neither the occurrence of an event nor the pendency of a claim constitutes grounds for the suspension of performance by the contractor, in whole or in part.
 - (3) The designated individual responsible on behalf of A&M Health Science Center for examining any claim or counterclaim and conducting any negotiations related thereto as required under Section 2260.052, Subtitle F, Title 10 of Texas Government Code shall be Barry Nelson, Ph. D., Vice President for Finance and Administration (979) 436-9200.

Sole Source and/or Proprietary Justification

Requisition No.

R700021

Date: 10/24/2016

This form is to be used to aid departmental staff in relating information necessary in the process of requisitions on a sole source and/or proprietary basis. Your cooperation in answering the questions listed below will assist the purchaser in handling your order expeditiously. Please complete the form and forward to HUB and Procurement Services. If more space is required, feel free to attach additional pages. **NOTE: For your convenience, this is a fill-in form. Adobe Reader required.**

1. Description of item (if commodity: make, model no., etc.; if service: detail of type of service):
Lenel Security Cameras for Kingsville Campus Irma Lerma Rangel Building.

2. Name of known source for item:
Entech Sales and Service

Manufacturer? ☐ Yes ☒ No

3. What feature or functions are unique (proprietary) to this item?

The proposed new cameras will operate under the existing Lenel system in use on the Bryan Campus, as well as the Houston, Dallas, Round Rock, and College Station campuses.

We are ultimately striving to use a single security access card and camera system for all campuses.

4. Briefly explain how the unique features or functions are essential to the purpose for which the item is needed.

The existing system is non-functional. Installing the new cameras and bringing them into the current system will allow seamless remote monitoring.

5. List any source other than the known source that manufactures or supplies similar items or items with similar functions.

Suppliers and installers of the system must be Lenel certified and there are only a few in the state. Kratos Defense & Security Solutions is another Lenel certified installer.

By using the same contractor throughout, it will make service, troubleshooting, and repairs a single contact.

6. Why are the other sources not satisfactory?

Kratos installed the original system on the Bryan Campus in a less than professional manner, leading to many failures and subsequent repairs.

7. Will the item be used with existing equipment?

If yes, -as a repair/replacement part?
-as component to be interfaced?
-as an accessory?
-to match existing equipment?
-for reason of interchangeability?

List make and model of existing equipment.

Numerous componenets make up the security system, including servers, monitors, access cards, card readers, a nd cameras. Too many items to list individually.

8. Include any additional information that may aid the purchaser in processing this requisition.

I certify that, to the best of my knowledge, the above information is true and accurate and that no other material fact or consideration offered or given has influenced this recommendation for a sole source/proprietary purchase.
