EVALUATION CRITERIA FOR AWARD

9.1 Evaluation Information

Texas A&M University will utilize an evaluation team for the evaluation of this RFP. Texas A&M University will evaluate and make the award on the proposal that is determined to be the “Best Value” to the State based on, but not limited to the criteria listed above.

All proposals must be complete and convey all of the information requested to be considered responsive. If the proposal fails to conform to the essential requirements of the RFP, Texas A&M alone will determine whether the variance is significant enough to consider the proposal susceptible to being made acceptable and therefore a candidate for further consideration, or not susceptible to being made acceptable and therefore not considered for award.

By submitting a proposal, Respondent acknowledges and accepts [a] the evaluation process, [b] the evaluation factors listed in the RFP Questionnaire, [c] the scope of this engagement (Section 1), [d] the terms and conditions of the Agreement (Section 4), [e] all other requirements and specifications set forth in this RFP, and [e] that some subjective judgments must be made by the University during this RFP process.

Should Texas A&M be unable to agree on final Agreement terms and conditions with the highest ranked proposer, a Texas A&M representative(s) will then negotiate with the second-ranked proposer or reissue the same or modified version of this RFP.

Texas A&M University reserves the right to reject any and all proposals.

9.2 Demonstration/Presentation

During evaluation, Texas A&M may request an on-site demonstration/presentation of proposer(s). The team may consider the demonstration/presentation in the evaluation criteria. The purpose of the on-site demonstration/presentations is for clarification or to amplify the materials presented in any part of your submission. However, vendors are cautioned that the evaluators are not required to request clarification; therefore, all submissions should be complete and reflect the most favorable terms available from the offer.
