Baseball Data Capture and Simulator System to include the following features:

System must provide the following:

- Real-Time Statistics with Visual Feedback
- Depth Reporting Module for Hitters & Pitchers
- Remote Access to Statistics via website
- Players Rankings (Local and National)
- Adaptable to All Skill Levels: Little League to Professional
- Gaming Module & Home Run Derby Contests
- Baseball and Softball
- Operates off of live pitching, machines, soft toss and batting tee
- Portable with small footprint
- Set up within minutes
- 110 MPH+ measurements
- Accuracy to +/- 1 MPH

*All data collected must be securely stored in the cloud and available to registered players, coaches and facility administrators
*System must allow access to powerful interactive reports and replay sessions away from the cage for further analysis.
*System must include iOS and Android apps available to players.
*System must provide data comparison with peers on a public leaderboard set up by the system.
*Data must be available on an online portal that puts the data the fingertips of the players, coaches and facility administrators.
*Data must be accessed anywhere and anyone, the value of training sessions and clinics, analyze performance trends over time and identify strengths and weaknesses.
*System must allow players the ability to find where they rank regionally and nationally amongst all users in their age group.

Simulator must measure at a minimum the following metrics for hitters:
- Exit Ball Velocity
- Distance of Hit
- Launch Angle/Elevation
- Batting Average
- Hard Hit Average
- Percent of Line drives/Fly Balls/Ground Balls
- SLG and OPS
- Strike Zone Analysis
- Spray Charts
- Performance Trends

Each swing must be automatically recorded and catalogued with the corresponding hit/pitch data-enabling true "cause & effect" analysis without any post-session editing needed.

Simulator must measure at a minimum the following metrics for pitchers:

- Pitch Velocity
- Pitch Location
- Late Break Measurements
- Percent Strikes
- Percent of Line Drives/Fly Balls/Ground Balls
- Spray Charts
- Batting Average Against
- Analysis by Pitch Type
- Strike Zone Analysis
- Performance Trends

Video capabilities must include:

- High-speed video synchronized with corresponding data
- Automatic recording of each swing
- Frame-by-frame playback
- Illustration tools
- Side-by-side video comparison
- Bookmark swings for easy reference
- Embed voice memos and instruction notes
- Print and email analysis right from your cage
- Immediate playback & analysis of swing mechanics will
- Print and email video analysis directly from your cage
- Easy hardware setup with intuitive software interface

Item # 4
Class-Item 805-24

Installation & Training

The requested equipment is to be supplied as a complete operational system, set-up and ready for use. Any/all operational/maintenance manuals are to be provided at the time of shipping/installation.

This project shall be considered a "turnkey" project that includes all aspects of the installation.

Final Testing and Acceptance Criteria:

The completed installation shall be inspected by Texas A&M to assure that all equipment is installed in a professional manner, and in accordance with manufacture specifications.

The final system/product testing and demonstration shall be performed after the installation and initial testing has been completed by vendor but prior to any use of the system. Vendor shall ensure that system meets or exceeds performance specifications as per manufacturer criteria. The vendor shall be responsible for properly performing all setup of equipment and all assembly.

Insurance Requirement:

It is understood that all equipment and material supplied by the vendor shall remain their property until such time as accepted or paid for by TAMU. The vendor shall protect them with appropriate insurance against theft or other loss or damage.
The successful vendor will be required to provide proof of insurance in the amounts indicated in Attachment A, with Texas A&M University listed as an additional insured party. Upon award, an updated COI will be required and it shall be the responsibility of the vendor to maintain a current certificate on file with Procurement Services during the term of the agreement.

Submit Insurance Certificate to the following:
Texas A&M University
Procurement Services
PO Box 30013
College Station TX 77842-3013

or via email or fax -

p-winkler@tamu.edu
979-845-3800

Training shall include at least one (1) day on-site demonstration of the proper operating techniques of equipment ordered to at least two (2) individuals designed by the end user. This demonstration is to include basic training on the proper operation of the equipment installed.

All training expenses must be included in bid response. No additional cost will be allowed to be added once award has been made.

TOTAL: $ 20,885.00

ANY EXCEPTIONS TO PRICING OR DESCRIPTION CONTAINED HEREAFTER MUST BE APPROVED BY THE TEXAS A&M UNIVERSITY AGENCY PROCUREMENT OFFICE PRIOR TO SHIPPING.

The State of Texas is Exempt from all Federal Excise Taxes.
State and City Sales Tax Exemption Certificate: The A&M System claims an exemption from taxes under Chapter 20, Title 122A Revised Civil Statutes of Texas for purchase of tangible personal property described in this order, purchased from Vendor listed above as this property is being secured for the exclusive use of the State of Texas.

FAILURE TO DELIVER: If the Vendor fails to deliver these supplies by the promised delivery date or a reasonable time thereafter, without giving acceptable reasons for delay, or if supplies are rejected for failure to meet specifications, the State reserves the right to purchase specified supplies and equipment elsewhere, and charge the increase in price and cost of handling to the Vendor. No substitution or cancellations permitted without prior approval of The Texas A&M University System.

THE TEXAS A&M UNIVERSITY SYSTEM TERMS AND CONDITIONS APPLY.
