Final Testing and Acceptance Criteria:

The completed installation shall be inspected by Texas A&M - Qatar to assure that all equipment is installed in a professional manner and in accordance with these specifications.

The final system testing and demonstration shall be performed after the installation and initial testing has been completed by vendor but prior to any use of the system. Vendor shall ensure that system meets or exceed performance specifications as per manufacturer criteria. The vendor shall be responsible for properly performing all setup of equipment and all assembly.

Insurance Requirement

The successful vendor will, at its sole cost and expense, acquire and maintain in effect during the period of the Agreement, general and professional liability insurance and any employee compensation insurance as may be required by the laws of the country in which the successful vendor is organized.

Training

Training shall include at least one (1) day on-site demonstration of the proper operating techniques of equipment ordered to at least two (2) individuals designated PAW.
