Item # 2

Evaluate the documents, costs/bids, timelines, processes, material, etc., associated with the Softball and Track projects. The selected individual(s) or firm must meet the following qualifications to be considered for services requested:

- At least 40 years of experience in development, design, engineering and construction of facilities.
- Directed turnkey projects from initial planning and proposal stage through the entire site acquisition, design, engineering and construction cycle to facilities start-up.
- Provided construction consulting, constructability reviews, value engineering reviews and real estate development consulting services to contractors, developers and governmental agencies for sports stadiums.
- Negotiated architectural, consultant and construction contracts
- Supervised in-house project management staff responsible for programming, design, permitting and construction
- Participated in the overall conceptual development of sports venues
- Must hold a Bachelor of Science degree in Civil Engineering
- Must be a current or retired Registered Civil Engineer

The successful vendor must be ready to provide immediate services for TAMU Athletics due to time sensitivity of the project associated with these required services.
